

SE REGION STUDY GUIDE:

- **A region is** an area that shares the same landforms, customs, and weather.
- **The United States is divided into** 5 regions.
- **The 5 regions of the United States are:** the Northeast, the Southeast, the Southwest, the West, and the Midwest.
- You would most likely see **beaches in the SE region** because it is on the coast of the Atlantic Ocean.
- **Products** that come from the SE region are *citrus fruits, cotton, and peanuts.*
- **The climate** of the SE is *usually sunny and warm.*
- **The Southeast region is good for growing crops** because of its flat land, rich soil, and long growing season.
- **The SE region is known for** its warm weather and vacation spots.
- **In parts of the SE region,** people mine for coal.
- **In parts of the SE region,** people work on oil rigs.
- **The SE region has many different landforms** like rolling hills, rich river valleys, and high flat areas called plateaus in the northern part of the region. The states in the lower region have beaches, swamps, and wetlands.
- **The SE region is home** to jazz, bluegrass, blues, and country music.

Write the name of the state on the correct line.
